

Insulated Pliers and Cutters

Cushion grip for comfort and control

1000V Rated | 10,000V Tested for your safety

Ref. 32938

Insulated NE Style Lineman's Pliers 9.5"

Wiha Insulated SoftFinish Cushion Grip Pliers and Cutters are the standard for premium quality tools featuring ergonomic cushion grip handles for comfort and control, dual durometer construction for long-lasting durability, and handles directly molded to the tool steel for a permanent bond. The grips feature a slip guard handle design for added protection at the front-end and raised rear-finger steps for easy opening at the back-end.

Individually tested to 10,000 volts AC and rated to 1,000 volts AC for safety and peace of mind

The tool requires little to no break-in period and has excellent wear and corrosion resistance

Premium quality C70 tool steel for strength and durability

Standard industrial brushed finish for surface endurance

Induction hardened cutting edges and jaws for superior sharpness and longevity

Slip guard handle design for added protection

Ergonomic cushion grip handles for comfort and control

Insulated NE Style Lineman's Pliers 9.5"

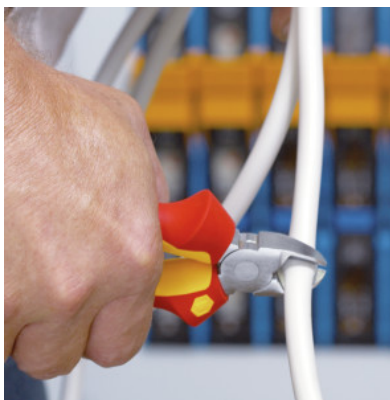

Setting the industry standard

For over 80 years Wiha Tools has manufactured premium quality professional hand tools you'll reach for time and again. With a long tradition of application-driven innovation, Wiha creates the safest and most durable hand-tools specifically designed to meet the needs of professional tradespeople around the world.

Insulated to 1000 Volts AC

Every single Wiha insulated tool is individually tested to 10,000 volts AC and rated to 1,000 volts AC (1,500 volts DC) for safety and peace of mind in energized applications.

Comfort and Control

Designed with textured slip guard handle, Wiha insulated pliers deliver comfort and control for a durable hold.

Strength and Durability

Wiha insulated pliers are engineered with premium quality tool steel for strength and durability for a tool you'll reach for time and again.
