

FOAMING

SIMPLE GREEN® Foamer

- An easy hose-end attachment that delivers a powerful jet spray of foamed Simple Green® solution for large areas
- Use in food preparation areas, wash rooms, or any situation where use of water diluted chemicals is required
- Foaming provides clinging ability for vertical and hard to reach surfaces and enhances product performance
- No pre-mixing is necessary as chemical and water are automatically blended in the mixing head as you spray
- Bottle holds 2.7 litres of concentrate
- Quick-release handle removes for rinsing

FOAMING

SIMPLE GREEN® Heavy-Duty Foamer

- Unique medium volume hose-end foaming gun for diluting and applying foaming chemicals to any surface
- Creates rich, wet foam which increases chemical contact time and effectiveness
- Projects foam up to 3.7 metres (depending on water pressure)
- The stainless steel quick disconnect socket features 6 retaining balls to lock the bottle and foam assembly securely in place for easy rinsing
- No moving parts! Venturi action dilutes chemical consistently
- Great performance with pressure as low as 20PSI
- Lighty weight 946ml capacity

FOAMING

SIMPLE GREEN® Pump Up Foamer Pro

- A portable foam applicator for applying foaming chemicals at full strength or pre-diluted to any surface
- Creates rich, clinging foam that adheres to surfaces longer to maximize chemical effectiveness
- Combines the advantages of foam application with the familiar ease and portability of a pump-up sprayer
- Just fill the tank with ready-to-use chemical solution, pump it up and foam!
- Use the "quick charge" valve to pressurize with an air compressor instead of pumping (must disconnect airline during operation)
- Heavy-duty, easy-grip trigger gun with locking latch
- Wide fan pattern nozzle for fast application

FOAMING

SIMPLE GREEN® LV Foamer

- Designed for cleaning small areas, around sensitive equipment or for close-range foaming
- Projects a low volume of rich, clinging foam which increases chemical contact time and effectiveness
- Fan pattern nozzle for quick, precise coverage with little overspray (up to 2.7 metres range)
- Covers up to 500 sq ft (46.5 sq m) in 4.5 minutes
- Dilution ratio range 149:1 to 5:1 @ 40PSI
- Adjustable foam consistency (wet/dry)
- Water and air pressure gauges eliminate guessing to reduce set-up time and help with troubleshooting
- Chemical resistant wetted components ensure years of outstanding performance with minimal maintenance
- Industrial-strength design holds up in tough environments
- Optional hose rack

FOAMING

SIMPLE GREEN® LC Foamer

- Designed for foam cleaning medium to large surfaces
- Creates a medium volume of rich, clinging foam which increases chemical contact time and effectiveness
- Fan pattern nozzle for fast coverage (up to 3.6 metres range)
- Covers up to 500 sq ft (46.5 sq m) in 2 minutes
- Dilution ratio range 306:1 to 6:1 @ 40PSI
- Adjustable foam consistency (wet/dry)
- Water and air pressure gauges eliminate guessing to reduce set-up time and help with troubleshooting
- Chemical resistant wetted components ensure years of outstanding performance with minimal maintenance
- Industrial-strength design holds up in tough environments
- Optional hose rack
