

Sync® Wireless Earmuff

Work. Stream. Talk. Wirelessly.

NRR
25 dB
Canada
Class A(L)

Silence is golden, they say. So is the chance to answer calls or stream information from your mobile phone when working in a noisy environment. Whether you're in an industrial setting or coordinating activities in a plant, you'll stay safe and sound with the Honeywell Sync® Wireless Earmuff. The convenient, user-friendly device lets you answer calls while performing day-to-day tasks via Bluetooth* — without the hassle of cables.

The earmuff provides high passive noise attenuation (NRR) of 25, which protects for up to 80% of workplace noise. The device's sleek, ergonomic design makes operation simple, with volume control buttons and flashing colored lights to indicate different settings.

The earmuff connects wirelessly to mobile phones, and features a robust boom microphone that lets you answer calls with the confidence you'll be understood. Plus, you can easily stream information from your mobile device—enhancing your enjoyment while improving situational awareness.

Connect wirelessly, answer calls, and stream information from your mobile phone.

FEATURES & BENEFITS

- Easy push-button connectivity to any Bluetooth® device.
- Robust boom microphone with windsock for voice clarity in high-noise environments.
- Lithium Ion battery featuring 16+ hours of battery life while streaming.
- Volume control buttons and flashing colored lights visually indicate different settings.
- High passive attenuation NRR 25.
- No battery replacement required; includes USB cord and wall charger.

The offering is part of the Sync family of electronic earmuffs – a line of high-quality headgear that protects users from hazardous noise while keeping them connected to what matters.
